published in Psihologija journal Vol. 44 (1), 61–70.

The authors informed us that the original publication contained an error that does not affect any of the findings. Jelena Karapandžić¹ and Dušica Filipović Đurđević failed to include a footnote denoting that the research reported in the publication in question was presented at EPS Workshop The Representation of Abstract Concepts that took place in London (Cognitive, Perceptual and Brain Sciences Research Department, UCL), January 8th and 9th, 2010. The authors deeply regret this error.

¹ Jelena Živanović is the maiden name of Jelena Karapandžić.
