

CORRECTION

In Sanamed issue 9 vol 1, in paper “SYSTEMIC NON-MALIGNANT OSTEOPOROSIS AND REDUCTION OF EDENTULOUS ALVEOLAR RIDGES” (authors: Poštić D. Srđan, Vujasinović Stupar Nada, Asotić Mithat, Rakočević Zoran), page 15, section Results, first sentence is: “Total skeletal density, established on the basis of T scores was measured on

densitometer, and minimum values were calculated for osteoporotic patients: $T = -2.5 \text{ g/cm}^3$ in men and $T = -2.6 \text{ g/cm}^3$ in women (Table 1).

Corrected version is: “Total skeletal density, established on the basis of T scores was measured on densitometer, and minimum values were calculated for osteoporotic patients: $T = -2.5$ in men and $T = -2.6$ in women (Table 1).
